April 30th, 2020 - A synopsis of this is a social history of the telephone to 1940 focusing on the users of the technology and how they adopted it to fit their own lives. The topics of the book flow from national to local to individual concerns from the telephone in America to the personal phone call.

April 30th, 2020 - From America Calling p. 244, the telephone some observers assert sped up the pace of life, forced people to be alert and thus created a lasting feeling of tension. In his 1976 history of AT&T, John Brooks claimed that the early telephone was creating and expecting immediate results, whether in business, love, or other forms of social intercourse.

April 22nd, 2020 - Claude Fischer presents the first social history of this vital but little-studied technology. How we encountered, tested, and ultimately embraced it with enthusiasm using telephone ads, oral histories, telephone industry correspondence, and statistical data. Fischer's work is a colorful exploration of how, when, and why Americans started communicating in this radically new manner.
